

FINAL EXAM

COURSE GRADING

One grade will be issued for the course. Each professor will provide comments on student class participation. Students will be issued a take home exam on the last day of class, to be turned in via email by December 1st.

This exam consists of three questions. Each student is to select either question one or question two questions to answer. All students must answer question three. Each student's response to both questions will not exceed a total of 3 double spaced pages of text (12 font, standard margins). Text beyond the third page will not be considered.

ANSWER EITHER QUESTION #1 OR #2

QUESTION #1

Categorically, Organizational Behavior is approached from two different disciplines or perspectives. Identify and describe these two perspectives. Highlight the similarities or differences between the two and provide insight on the strengths or weaknesses of each discipline's ability to affect an organizations overall performance.

QUESTION #2

Categorically, there are three stereotypical approaches to solving organizational problems. Identify and describe these three approaches and the techniques most often used by each. Highlight the similarities or differences in the overall goals of each approach. Provide insight on the strengths or weaknesses of each approach, and when they might or might not be most effective.

ALL STUDENTS MUST ANSWER:

QUESTION #3

Provide an overall perspective of how the course content taught in OB this semester will or will not apply to either your current, or previous job experience. Where possible provide specific examples of which session you feel will and will be meaningful in your overall career or the average career of your classmates.

EMAIL EXAMS TO [DGIANNETTO@TELOSCONSULTING.COM](mailto:dgiannetto@telosconsulting.com) BY December 1st.
