

Blending Management & Technology Consulting

David F. Giannetto

Chief Executive Officer, Author & Professor

Speaker's Introduction:

David F. Giannetto is co-Author and creator of *The Performance Power Grid*, today's leading EPM/BPM methodology. He is CEO of The Telos Group, and an MBA Professor at Rutgers University.

David was listed as a thought leader by *Business Finance Magazine* in 2006 and is widely acknowledged as one of today's most experienced BPM practitioners for his work leading performance initiatives at the **United Nations Secretariat** and the award-winning initiatives at **FujiFilm** and **Seattle City Light**. Other notable clients include: **JPMorgan, Black & Decker, Kelly Services, Mediacom Communications, 6 BlueCross BlueShield organizations, and Scholastic Books.**

He is a Board Member of the Spina Bifida Association and is a former US Army Officer. His next book, *The Decoy Artist*, is a narrative non-fiction work due for publication in early 2010 by Pelican Publishers.
